Hi Everyone,

For our Monday call, here are a couple of documents. The first is an issues paper in the format that our management asked for. It basically outlines options, but I'd like for us to come up with a recommendation if possible. Or in the very least, we can better vet the issues. The second is just some background info that might be helpful. It has a timeline of CZARA and litigation actions and could be helpful for our talk on Monday.

Thanks, Everyone.
